# Limelight Careers

Digital Application Support SCQF 6

Limelight Careers offer Scottish Vocational Qualifications (SVQ) and Modern Apprenticeships in Digital Applications. Funding may be available from Skills Development Scotland (SDS) to support professional development.

Who does this qualification suit?

The Diploma in Digital Applications is suitable for:

- individuals who are currently in employment and who wish to obtain a formal qualification
- employers who wish their employees to obtain short, continuing professional development courses
- mature candidates who may have been out of education for some time
- people working in IT helpdesks with specific responsibility for end-user application support

Is this qualification right for you?

The Diploma in Digital Application Support at SCQF level 6 provides learners with a qualification that will demonstrate that they can troubleshoot and solve problems using a range of different application software packages appropriate to the business context in which they are working.
